## **Ramps to Close Overnight Sunday, April 17 at Dulles Connector/Route 267 and Route 123 in Tysons/McLean Area for Paving Operations**

Dulles Corridor Metrorail Project crews are planning to perform paving operations at the interchange between the Dulles Connector Road (Route 267) and Route 123 in McLean.

Weather permitting, the paving is scheduled to occur in the overnight hours of Sunday night, April 17, between midnight and 5 a.m. All operations will be completed before the Monday morning rush hour begins.

The following ramps will be closed for these operations:

### **Ramp from northbound Route 123 to eastbound Route 267 toward I-66**

**Detour:** Continue north on Route 123 (Dolley Madison Boulevard), then turn left on to Georgetown Pike. Continue on Georgetown Pike and enter I-495 south. Drivers can rejoin the eastbound Connector Road (Route 267) from I-495.

### **Ramp from eastbound Route 267 to northbound Route 123**

**Detour:** Traffic will be allowed to use the exit ramp to southbound Route 123 instead. At the bottom of the ramp, drivers will be permitted to turn left on to northbound Route 123 at the signalized intersection.

In addition, the left thru lane of northbound Route 123 will be closed from Anderson Road to the Dulles Connector Road overpass. This lane will be closed beginning at 9:30 p.m. and will reopen by 5:00 a.m.

### **Noise warning**

Every effort will be made to minimize the noise associated with this work. **However, paving is**

**an extremely dangerous activity and will require the use of backup alarms to ensure workers' safety.**

Police will be onsite at all times for motorist safety.

*For construction-related emergencies including noise, please use the project **HOTLINE** at **877-585-6789**. For further information about the project, please visit our project website at **[www.dullesmetro.com](http://www.dullesmetro.com)** or call 703-572-0506.*
