REMINDER: Full Closure of Southbound Route 123 at Dulles Connector Road (Route 267) Tonight/No Closures at Spring Hill Road/Route 7 Intersection Tonight

Southbound Route 123 in McLean **will be closed** between Great Falls Street and Anderson Road from 11 p.m. to 5 a.m. tonight, Thursday, Dec. 22. Dulles Corridor Metrorail Project's crews will be installing acoustical barriers on the bridge flyover, and thru traffic cannot travel underneath for safety reasons.

Thru traffic on southbound Route 123 will be detoured by turning left on Great Falls Street, right on [Old] Chain Bridge Road, then right on Anderson Road to rejoin Route 123.

Police will be on site. Motorists are urged to use extreme caution, and pay attention to signage. All work is weather-dependent and subject to change.

<><><><><>

The previously announced closures at the intersection of Spring Hill Road and Leesburg Pike (Route 7) have been cancelled for tonight, Thursday, Dec. 22.

However, overnight closures at this intersection should be expected through the end of the year, as crews complete with bridge construction over the intersection. Stay tuned for daily updates on the closures in this location.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789.
