North and South-bound I-495 Nighttime Lane Closures at Route 123 TONIGHT, Friday, July 15 and Sunday, July 17; Short-Term Full Closures May be Necessary

Dulles Corridor Metrorail Project construction crews are scheduled to close the **two left lanes** on **both northbound and southbound I-495** at the Route 123 intersection overnight tonight, Friday, July 15 and Sunday, July 17, because of construction of rail bridges above the busy interstate.

Brief, 15-minute maximum full closures of I-495 may be necessary for equipment movements. All closures will have police on site for motorist safety.

The **entrance ramp** from southbound Route 123 to southbound I-495 **will remain open** each night.

Work zones will begin just before Route 7 for northbound traffic, and at Old Dominion Drive for southbound traffic.

Motorists are urged to use extreme caution, and pay attention to signage. All work is weather-dependent and subject to change.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789.
