## **REMINDER: Bridge Construction to Start TONIGHT over Westpark Drive/Gosnell Road at Route 7; detours planned**

Bridge construction for the future Dulles Corridor Metrorail trains in the median of Route 7 in Tysons will begin tonight with construction of the bridge spans over the Westpark Drive/Gosnell Road intersection. This will require the middle part of the intersection to be closed overnights, and will cause detours for traffic turning to and from east and west bound Route 7 and through traffic along Gosnell and Westpark.

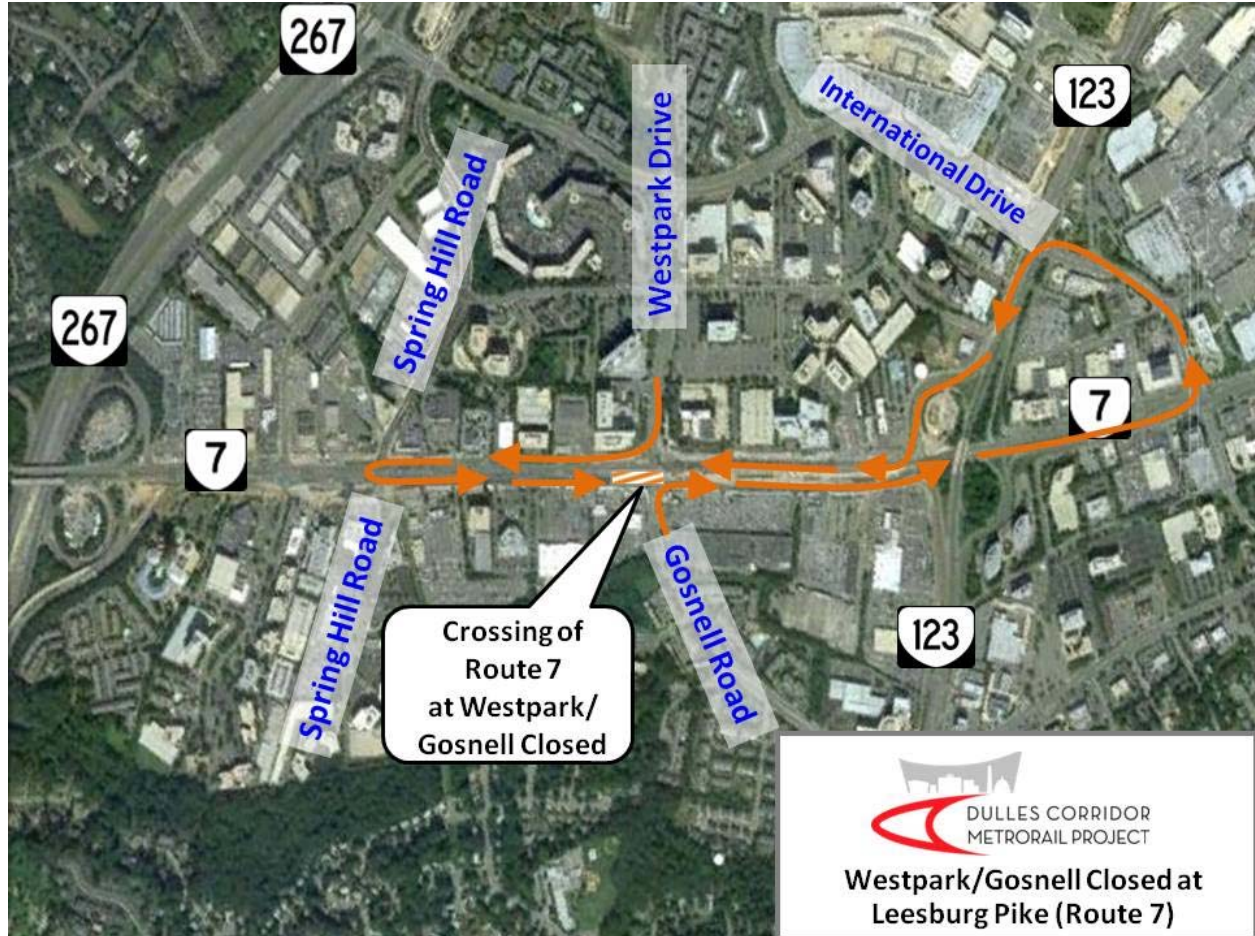

These closures will be in place beginning tonight from 11 p.m. to 5 a.m., and continuing Sundays through Fridays for the next four to six weeks. The start of this work had been planned for earlier this week but was delayed.

Thru traffic along both directions of Leesburg Pike (Route 7) still will be allowed. For safety reasons, thru traffic on Westpark/Gosnell will not be allowed, and will be detoured by using Route 7 as follows:

- Southbound Westpark Drive thru traffic and motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at either Spring Hill Road or Tyco Road, and continue on eastbound Leesburg Pike towards Gosnell Road.
- Northbound Gosnell Road thru traffic and motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, pass under Route 123, turn left on International Drive, left on Chain Bridge Road (Route 123), then take the exit ramp to Route 7 to turn right on Westpark Drive.

Police will be onsite. Motorists are urged to use extreme caution, and pay attention to signage. All work is weather-dependent and subject to change.

## **SEE MAP BELOW**

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789.
