## **Lane Shifts of Westbound Route 7 from Tyco Road to the Dulles Toll Road Expected by Saturday Night**

A slight shift of the westbound lanes of Leesburg Pike (Route 7) between Tyco Road and the Dulles Toll Road (Route 267) will be implemented overnight Saturday, May 21, between 9:30 p.m. and 7 a.m.

Crews are currently planning to finish the necessary paving for this shift as weather allows the rest of this week, and expect to complete striping of the new lanes overnight Saturday. Final paving and striping will be rescheduled in case of inclement weather.

The lanes will be shifted outward by about a dozen feet to create more room for construction in the median. This traffic pattern is expected to be in place for approximately one year.

All work is weather permitting.

*For construction-related emergencies including noise, please use the project **HOTLINE** at **877-585-6789**. For further information about the project, please visit our project website at [www.dullesmetro.com](http://www.dullesmetro.com) or call 703-572-0506.*
