Overnight Lane/Ramp Closures at Multiple Tysons Corner Interchanges Continue Tonight, Jan. 5

Full Closure of Southbound Route 123 at Dulles Connector Road (Route 267) Tonight and Friday Night

Dulles Corridor Metrorail Project will be closing all lanes of **southbound** Route 123 (Dolley Madison Boulevard) from 11 p.m. to 5 a.m. between Great Falls Street and Anderson Road for overhead bridge construction. Traffic will be detoured by turning left on Great Falls Street, right on [Old] Chain Bridge Road, then right on Anderson Road to access southbound Route 123.

Bridge Construction in Median of Leesburg Pike (Route 7) to Close Spring Hill Road Intersection

Bridge construction continues in the median of Leesburg Pike (Route 7) over the Spring Hill Road and intersection tonight between 11 p.m. and 5 a.m.

Thru traffic along both directions of Leesburg Pike (Route 7) still **will** be allowed, but for safety reasons, thru traffic on Spring Hill Road **will not** be allowed, and will be detoured by using Route 7 as follows:

- Southbound Spring Hill Road thru traffic **and** motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at Tyco Road/Westwood Center Drive, and continue on eastbound Leesburg Pike toward Spring Hill Road.
- Northbound Spring Hill Road thru traffic **and** motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, U-turn at Westpark Drive/Gosnell Road, and continue on westbound Route 7 to access Spring Hill Road.

Drivers should expect approximately 10- to 15-minute travel delays if traveling through this area during these closures, which are expected to last through the end of the year.

Note: The previously announced additional closures of the intersection of Westpark Drive/Gosnell Road and Route 7 have been **cancelled** for this evening.

Eastbound Tysons Boulevard to Close Tonight through Friday Night

The eastbound lanes of Tysons Boulevard will be closed between Chain Bridge Road (Route 123) and Galleria Drive tonight through Friday night, for overhead bridge, pier and station work near the future Tysons Central 123 station.

This also will require the closures of the turn lanes on to eastbound Tysons Boulevard from northbound Chain Bridge Road (Route 123), and northbound and southbound Galleria Drive. Generally, these lane closures will begin to be implemented at 9:30 p.m. each night, and will be lifted between 5 a.m. each following morning.

Detours around this closure will be in place. Please use extreme caution, pay attention to signage, and obey police direction if traveling around this intersection.

Right Lane of Southbound Route 123, Ramp to Northbound I-495

Southbound Route 123 in Tysons Corner will be closed between Capital One Drive and the east side of I-495 from 9 p.m. to 5 a.m. tonight for overhead bridge construction.

In addition, the on-ramp from southbound Route 123 to northbound I-495 also will be closed on those nights from 11 p.m. to 5 a.m. To access I-495 North, traffic will be detoured to continue on southbound Route 123, right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then left on to northbound Route 123 to the *second* exit on to northbound I-495.

Motorists should stay alert, use extreme caution, and be prepared to allow extra time or alter their travel along these roads.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: www.dullesmetro.com or 703-572-0506.
