Important Lane Closures for Jan. 8-14, 2012

Bridge Construction in Median of Leesburg Pike (Route 7) Moves West: Spring Hill Road Closures Almost Complete; Tyco Road/Westwood Center Drive Closures to Begin Overnights Next Week, with Detours

Dulles Corridor Metrorail Project bridge construction continues in the median of Leesburg Pike (Route 7) and over major Tysons Corner intersections. The construction over the Spring Hill Road intersection is nearing completion, and when that happens the large, blue-and-yellow truss being used to build these guideways will move west, through the future Tysons West Metrorail Station and over the intersection of Tyco Road/Westwood Center Drive.

This requires that the middle of *either* intersection to closed between 11 p.m. and 5 a.m. Sunday, Jan. 8 through Friday, Jan. 13, depending on when the Spring Hill intersection is complete. The Tyco Road/Westwood Center Drive closures are expected to begin as early as Monday, Jan. 9.

When the Spring Hill Road Intersection Is Closed

Thru traffic along both directions of Leesburg Pike (Route 7) still *will* be allowed, but for safety reasons, thru traffic on Spring Hill Road *will not* be allowed, and will be detoured by using Route 7 as follows:

- Southbound Spring Hill Road thru traffic *and* motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at Tyco Road/Westwood Center Drive, and continue on eastbound Leesburg Pike toward Spring Hill Road.
- Northbound Spring Hill Road thru traffic *and* motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, U-turn at Westpark Drive/Gosnell Road, and continue on westbound Route 7 to access Spring Hill Road.

When the Tyco Road/Westwood Center Drive Intersection Is Closed

Again, thru traffic along both directions of Leesburg Pike (Route 7) still *will* be allowed, but thru traffic on Spring Hill Road *will not* be allowed, and will be detoured by using Route 7 as follows:

- Southbound Tyco Road thru traffic **and** motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at Jarrett Valley Drive, and continue on eastbound Leesburg Pike toward Westwood Center Drive. *As a courtesy to the neighborhood, avoid turning into Jarrett Valley Drive and using private property as your turnaround.*
- Northbound Westwood Center Drive thru traffic **and** motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, U-turn at Spring Hill Road, and continue on westbound Route 7 to access Tyco Road.

Drivers should expect approximately 10- to 15-minute travel delays if traveling through this area during these closures, which are expected to last through the end of the year.

Specific closure information will be released daily until work is complete.

Once the Spring Hill closures are complete, crews may be able to resume completion of the bridge over the Westpark Drive/Gosnell Road intersection. Details will be released as soon as they are available.

Right Lane of Southbound Route 123, Ramp to Northbound I-495 to Close Overnights

Southbound Route 123 in Tysons Corner will be closed between Capital One Drive and the east side of I-495 from 9 p.m. to 5 a.m. Monday, Jan. 9 to Friday, Jan. 13 for overhead bridge construction.

In addition, the on-ramp from southbound Route 123 to northbound I-495 also will be closed on those nights from 11 p.m. to 5 a.m. To access I-495 North, traffic will be detoured to continue on southbound Route 123, right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then left on to northbound Route 123 to the *second* exit on to northbound I-495.

Overnight Road, Ramp Closures of Route 123 at the Dulles Connector Road Jan. 3-7

Various closures at the intersection of southbound Route 123 and the Dulles Connector Road (Route 267) will be closed next week. Crews will be installing acoustical barriers on the bridge flyover, and thru traffic cannot travel underneath for safety reasons.

Closures are scheduled as follows:

Sunday, Jan. 8

- **Southbound** Route 123 **closed** between Great Falls Street and Anderson Road: Traffic will be detoured by turning left on Great Falls Street, right on [Old] Chain Bridge Road, right on Anderson Road.

Monday, Jan. 9 and Tuesday, Jan. 10

- **Northbound** Route 123 will be **closed** from Anderson Road to Great Falls Street: Northbound traffic will be detoured by turning right on Anderson Road, left on [Old] Chain Bridge Road, left on Great Falls Street.

- Ramp from **eastbound** Route 267 to **northbound** Route 123. Traffic will be detoured by using the **southbound** exit, going straight on Anderson Road, left on [Old] Chain Bridge Road, left on Great Falls Street.

Eastbound Tysons Boulevard to Close Sunday through Friday Nights

The eastbound lanes of Tysons Boulevard will be closed between Chain Bridge Road (Route 123) and Galleria Drive Sunday through Friday nights, Jan. 8-13, for overhead bridge, pier and station work near the future Tysons Central 123 station.

This also will require the closures of the turn lanes on to eastbound Tysons Boulevard from northbound Chain Bridge Road (Route 123), and northbound and southbound Galleria Drive. Generally, these lane closures will begin to be implemented at 9:30 p.m. each night, and will be lifted between 5 a.m. each following morning.

Detours around this closure will be in place. Please use extreme caution, pay attention to signage, and obey police direction if traveling around this intersection.
