Overnight Lane/Ramp Closures at Multiple Tysons Corner Interchanges Continue Tonight, Jan. 12

Bridge Construction in Median of Leesburg Pike (Route 7) to Close Tyco Road/Westwood Center Drive Intersection

Construction of the bridge over the intersection of Route 7 at Tyco Road/Westwood Center Drive is under way, and requires overnight closures of the middle of that intersection between 11 p.m. and 5 a.m. tonight.

Thru traffic on eastbound and westbound Route 7 **will not** be affected. However, turns from eastbound Route 7 on to northbound Tyco Road, as well as turns from westbound Route 7 to southbound Westwood Center Drive, **will not** be permitted.

Here is how the detours will work:

- Southbound Tyco Road thru traffic **and** motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at Jarrett Valley Drive, and continue on eastbound Leesburg Pike to access Westwood Center Drive. *As a courtesy, please do not enter the neighborhood or use private property to turn around.*
- Northbound Westwood Center Drive thru traffic **and** motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, U-turn at Spring Hill Road, and continue on westbound Route 7 to access Tyco Road.

After completing work at this intersection, the crane/truss will continue to move west toward the Dulles Toll Road (Route 267) in the next couple of months.

Note: The previously announced closures of the intersection of Spring Hill Road and Route 7 have been cancelled. Also, there will be no closures of the Westpark Drive/Gosnell Road intersection with Route 7.

Right Lane of Southbound Route 123, Ramp to Northbound I-495 Closing Tonight

Southbound Route 123 in Tysons Corner will be closed between Capital One Drive and the east side of I-495 from 9 p.m. to 5 a.m. tonight for overhead bridge construction.

In addition, the on-ramp from southbound Route 123 to northbound I-495 also will be closed on those nights from 9:30 p.m. to 5 a.m. To access I-495 North, traffic will be detoured to continue on southbound Route 123, right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then left on to northbound Route 123 to the **second** exit on to northbound I-495.

Motorists should stay alert, use extreme caution, and be prepared to allow extra time or alter their travel along these roads.

Eastbound Tysons Boulevard to Close Tonight

The eastbound lanes of Tysons Boulevard will be closed between Chain Bridge Road (Route 123) and Galleria Drive tonight for overhead bridge, pier and station work near the future Tysons Central 123 station.

This also will require the closures of the turn lanes on to eastbound Tysons Boulevard from northbound Chain Bridge Road (Route 123), and northbound and southbound Galleria Drive. Generally, these lane closures will begin to be implemented at 9:30 p.m. each night, and will be lifted between 5 a.m. each following morning.

Detours around this closure will be in place. Please use extreme caution, pay attention to signage, and obey police direction if traveling around this intersection.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: www.dullesmetro.com or 703-572-0506.
