Southbound 123 to Close Near Capital One Drive Overnight Tonight, Jan. 17

Closure of Right Lane, Ramp at Southbound Route 123/I-495 Interchange

The right lane of southbound Route 123 will be closed from Capital One Drive to the east side of I-495 late tonight from 9:30 p.m. to 5 a.m. as Dulles Corridor Rail Project bridge construction continues.

In addition, the entrance ramp from southbound Route 123 to northbound I-495 will be closed from 9 p.m. to 5 a.m. To access northbound I-495, drivers will be detoured by continuing on southbound I-495, turning right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then right on to **northbound** Route 123, to the **second** right exit on to **northbound** I-495.

Eastbound Tysons Boulevard to Close Again Tonight

Eastbound Tysons Boulevard will be closed between Galleria Drive and Route 123 from 9 p.m. to 5 a.m. tonight for overhead bridge, pier and station work at the future Tysons Central 123 Station.

This will require the closure of turn lanes from both directions of Galleria Drive, and from northbound Route 123, as well as thru traffic from eastbound Tysons Boulevard. Police will be on site to direct traffic, and detour signage will be in place to help motorists avoid this closure.

No Overnight Closures along Route 7 Tonight

The previously announced closures of the intersections of Route 7 at both Tyco Road/Westwood Center Drive and Westpark Drive/Gosnell Road are cancelled for tonight.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: www.dullesmetro.com or 703-572-0506.
