Two Ramps at I-495/Route 123 Interchange to Close Tonight, Jan. 25; Closings at Route 7 Intersections Cancelled

Dulles Corridor Metrorail bridge construction at the I-495/Route 123 interchange will force the closures of **two** ramps tonight, Jan. 25.

Ramp from Northbound I-495 to Southbound Route 123 – 9:30 p.m. to 5 a.m.

To access southbound Route 123, drivers will be detoured by exiting on to **northbound** I-495 instead, turning right on Old Meadow Road, left on Colshire Meadow Drive, left on Colshire Drive, then left on to southbound Route 123.

Ramp from Southbound Route 123 to Northbound I-495 – 9:30 p.m. to 5 a.m.

To access northbound I-495, drivers will be detoured by continuing on southbound Route 123, turning right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then right on to **northbound** Route 123, to the **second** right exit on to **northbound** I-495.

In addition, the **right lane** of southbound Route 123 also will be closed from Scotts Crossing to the east side of I-495 again tonight from 9:30 p.m. to 5 a.m. to support the overhead bridge and station construction.

Eastbound Tysons Boulevard to Close Again Tonight

Eastbound Tysons Boulevard will be closed between Galleria Drive and Route 123 from 9 p.m. to 5 a.m. tonight for overhead bridge, pier and station work at the future Tysons Central 123 Station.

This will require the closure of turn lanes from both directions of Galleria Drive, and from northbound Route 123, as well as thru traffic from eastbound Tysons Boulevard. Police will be on site to direct traffic, and detour signage will be in place to help motorists avoid this closure.

No Closures along Route 7 Tonight

The previously announced closures of the intersections of Route 7 (Leesburg Pike) and **both** Tyco Road/Westwood Center Drive and Westpark Drive/Gosnell Road are cancelled for tonight.

All work is weather pending and subject to change. Police will be onsite for motorist safety.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: www.dullesmetro.com or 703-572-0506.
