Westbound I-66 Lanes to Close at Night Before Holiday Break **Right lane of eastbound Connector Road flyover closing overnight Nov. 22**

Beginning Friday, Nov. 20, nighttime construction work is planned along westbound I-66 between Lee Highway and the Dulles Connector Road (Route 267) as part of construction of the Dulles Corridor Metrorail Project. All work will be performed between 9:30 p.m. and 5 a.m., except where noted below.

Westbound I-66

- Overnight Friday, Nov. 20, into Saturday morning, Nov. 21, crews will first close the middle and right through lanes for pavement restriping. When complete, those lanes will re-open to traffic, and the left lane will close. At least one lane will be open at all times. The work should complete by 9 a.m., Saturday.
- The left through lane of westbound I-66 will close again overnights as early as Sunday, Nov. 22, to complete on or before Tuesday, Nov. 24, also for concrete barrier placement.

Eastbound Dulles Connector Road (Route 267) Flyover to I-66

- The right through lane of the eastbound Dulles Connector Road (Route 267) flyover to eastbound I-66 will close for barrier placement as early as Sunday night, Nov. 21, and Monday night, Nov. 22. The left lane will remain open.

Thanksgiving holiday schedule: In observance of the Thanksgiving holiday, no construction lane closures will occur between noon Wednesday, Nov. 25, and noon on the following Monday, Nov. 30.

If you have any construction-related emergencies, please call the Dulles Corridor Metrorail Project Hotline at 877-585-6789.

For information about the rail project, please visit our project website at www.dullesmetro.com or call 703-572-0506.
