Important Lane Closures for the Week of Nov. 22

Reminder: Night Closures on Westbound I-66 and Eastbound Connector Road Flyover

The left through lane of westbound I-66 will close overnights as soon as Sunday, Nov. 22, to be completed on or before Tuesday, Nov. 24, to permit concrete barrier placements.

The right through lane of the eastbound Dulles Connector Road (Route 267) flyover to eastbound I-66 will close for barrier placement as early as Sunday night, Nov. 21, and Monday night, Nov. 22. The left lane will remain open.

Chain Bridge Road (Route 123) Work

Drivers should use extreme caution when traveling south on Chain Bridge Road (Route 123) in the Tysons Corner area. Beginning Monday morning through noon Wednesday, the right-turn lane to Capital One Drive will be closed to allow crews to remove poles in the adjacent work area. Right turns to Capital One Drive will be allowed from the right through lane.

Also, a short stretch of the right lane will be closed between the Capital Beltway off-and on-ramps during the day.

At night, there will be numerous closures in the area near Tysons Boulevard and International Drive, because of utility work. Police will be onsite to direct traffic for motorist safety.

F-773 Frontage Road Closures

Crews continue to do some extensive utility relocations along the F-773 Frontage Road that runs adjacent to southbound Chain Bridge Road (Route 123), then curves around to westbound Leesburg Pike (Route 7). Intermittent closures of this road are planned throughout the week. Signs will be in place to alert drivers.

From 10 p.m. to 5 a.m. on Monday, Nov. 23 and Tuesday, Nov. 24, traffic will not be allowed to enter F-773 Frontage Road from Leesburg Pike (Route 7). Access to all businesses will be available by following the detour: From Leesburg Pike (Route 7), turn right on Westpark Drive, right on Greensboro Drive, right on Pinnacle Drive.

Ramp Work at Dulles Toll Road (Route 267) and Leesburg Pike (Route 7) Interchanges

The following ramps will experience shoulder closures overnight Sunday, Nov. 22. Traffic will still be allowed to use the ramps:

- Eastbound Dulles Toll Road (Route 267) exit ramp to eastbound Leesburg Pike (Route 7)
- Westbound Leesburg Pike (Route 7) entrance ramp to eastbound Dulles Toll Road (Route 267)

Dulles International Airport Access Highway

Construction of caissons in the median of the Dulles International Airport Access Highway (DIAAH) continues. The left lane of the eastbound DIAAH will be closed between Wiehle Avenue and Hunter Mill Road on Monday during the day, and Tuesday until noon.

Reminder: Permanent Route 7 Service Road Closures

The service road of eastbound Route 7 between Pike 7 Plaza and the Koons GM car dealership is closing permanently. Crews are now closing portions of this service road until this entire stretch is eliminated.

Business access from Route 7 will remain open, but motorists should expect some alternate entrance routes as this service road is eliminated. Koons customers must now enter the property via southbound Route 123.

Thanksgiving Holiday Schedule

No lane closures are planned between noon on Wednesday, Nov. 25 and noon the following Monday, Nov. 30, in observance of the Thanksgiving holiday.
