Important Lane Closures April 5-9, 2010

Holiday Lane Closure Schedule

There will be no lane closures on VDOT-controlled roads from noon on Friday, April 2, until noon Monday, April 5, in observance of the Easter holiday. The Dulles International Airport Access Highway (DIAAH) and Dulles Toll Road (Route 267) are monitored by the Metropolitan Washington Airports Authority.

Lane Closure of I-66 at Dulles Connector Road

Crews continue to install caissons in the work area along I-66 westbound near the Dulles Connector Road split. This will require a left lane closure next week during the following hours (day and night):

- Monday, April 5 – noon to 3:30 p.m. (holiday work restrictions)
- Tuesday, April 6 – Wednesday, April 8 – 9:30 a.m. to 3:30 p.m. and 9:30 p.m. to 5:00 a.m.
- Thursday, April 7 – 9:30 a.m. to 3:30 p.m. only
- Friday, April 8 – 9:30 a.m. to noon only

Leesburg Pike (Route 7) Work Ramps Up

The project is working to complete the utility relocations along Leesburg Pike (Route 7) between Route 123 and the Dulles Toll Road (Route 267). At the same time, additional construction on retaining walls and service road closures are preparing for the major traffic shifts around where the two future Metro stations will be built.

Motorists can expect to see an increase in construction along both sides of Leesburg Pike (Route 7) during daytime and nighttime hours all next week.

REMINDER: Concrete Island Demolition at Capital One Next Week

Those working at or visiting the Capital One building on Route 123 between Scotts Crossing Road and the Capital Beltway will notice that the center concrete island of the main entrance will disappear next week. This is being done to accommodate pier construction near the future Tysons East station.

The demolition is scheduled to occur between 9:30 p.m. and 5 a.m. next Thursday and Friday nights. Anyone who works at this building during the day shift will see no traffic impact, but those who access the building in the overnight hours will experience some turn lane closures on Route 123 and Capital One Drive. However, access to that entrance will always remain open.
