Lane Closures to Work around Extended Shopping Hours at Nearby Tysons Corner Malls

The Dulles Corridor Metrorail Project plans to either alter the start times of overnight work near the I-495 and Route 123 interchange until closing times of Tysons Corner area malls, or cancel planned closures, as necessary. This allows shoppers and mall employees to take advantage of the extended retail hours before Christmas as the final week of the busy holiday shopping season draws near.

Additionally, there will be no overnight closures of westbound I-66 at the Dulles Connector Road (Route 267) next week.

Unless listed otherwise below, there will be no lane closures from noon Thursday, Dec. 23, until noon Monday, Dec. 27, in observance of the Christmas holiday.

All work schedules are weather pending and subject to change. Drivers should stay alert, use extreme caution, and be prepared to allow extra time or alter their routes in anticipation of congested holiday travel and potential for inclement weather.
