Important Lane Closures July 5-9, 2010

Holiday Lane Closure Schedule

Unless noted below, there will be no lane closures from noon Friday, July 2, until noon Tuesday, July 6, in observance of the Independence Day holiday.

Paving and Restoration Planned Overnights along Route 7 and Nearby Streets

As utility relocation along Leesburg Pike (Route 7) draws to a close, major paving and restoration operations will continue on Route 7 and several other adjacent streets next week. Crews will work overnight Tuesday, July 6 through Friday, July 9, to complete this work.

Please keep in mind that paving is an extremely dangerous activity, so backup alarms may be used for safety reasons. However, crews will make every effort to reduce nighttime noise without compromising worker safety.

Lane Shift of Westbound Dulles International Airport Access Highway (DIAAH) at Wiehle Avenue to Begin Overnight Friday, July 9

Construction on the future Wiehle Avenue Metro station is underway in the median of the DIAAH. Crews have already shifted the eastbound lanes out to expand the work zone – now it is time to shift the westbound lanes. This right shift for westbound traffic is scheduled to begin overnight Friday, July 9. The lane shift will start at the Wiehle Avenue overpass, and will taper back to the left after the work zone.

Daytime Lane Closures on I-66

The left lane of eastbound I-66 will be closed noon to 3:30 p.m. on Tuesday, between 9:30 a.m. and 3:30 p.m. Wednesday through Thursday, and 9:30 a.m. and noon on Friday. These closures are necessary for concrete pours.
