## **Pile Driving Begins in the Dulles Airport Access Highway Median at Hunter Mill Road Bridge**

Beginning on or about Wednesday, March 31, 2010, Dulles Corridor Metrorail Project construction crews will begin pile driving in the median of the Dulles International Airport Access Highway (DIAAH) near the Hunter Mill Road Bridge.

The work will be performed between the hours of 9:30 a.m. and 6 p.m. on weekdays and, depending on weather conditions, is expected to be completed by the end of next week.

Fifty-two steel piles will be driven deep into the soil to build foundations to support a bridge that will carry the new Metrorail over Hunter Mill Road. Noise should be expected near the work site.

If you have any construction-related emergencies, please call the Dulles Corridor Metrorail Project Hotline at 877-585-6789.

For further information about the project, please visit our project website at [www.dullesmetro.com](http://www.dullesmetro.com) or call 703-572-0506.
