Important Lane Closures for Next Week

Nighttime Closures of I-66

Westbound: I-66 westbound at the Dulles Connector Road (Route 267) will be closed overnight Friday, Nov. 12, between 11:00 p.m. and 5:00 a.m., for Dulles Corridor Metrorail Project construction.

Thru traffic will be detoured to the Dulles Connector Road westbound, then on to Route 123 south toward Tysons Corner, to a right turn on to the ramp to the Capital Beltway south toward Richmond. Drivers can then rejoin I-66 from the Beltway. Local drivers have options to exit I-66 prior to the closing.

Eastbound: The left lane of eastbound I-66 will be closed for approximately a half-mile around the overpass from the Dulles Connector Road (Route 267) between 9:30 p.m. and 5:00 a.m. Monday, Nov. 15 and Tuesday, Nov. 16. Crews will be performing pier construction between the Orange Line tracks and I-66.

Police will be onsite for motorist safety for all nighttime work.

Weekend Utility Work along Eastbound Dulles Connector Road East of Magarity Bridge

Crews will be working most of the weekend to complete utility work along the eastbound Dulles Connector Road. Specifically, the following construction activities and lane closures are planned Friday through Sunday:

- Friday night, Nov. 12 – Double lane closure to mobilize equipment to the location. No construction activity overnight.
- Saturday, Nov. 13 – Beginning at 7 a.m., the left lane of the Dulles Connector Road will close. Construction includes manhole support of excavation and installation.

- Saturday overnight – Double lane closure to complete the construction, and de-mobilize cranes and excavators from the work area.
- Sunday, Nov. 14 – Single lane closure during the daytime to complete restoration.

REMINDER: Road Work along Route 7 Continues; Final Road Shifts Coming

Drivers using Leesburg Pike (Route 7) between the Dulles Toll Road (Route 267) and Chain Bridge Road (Route 123) should expect lane closures, especially along the westbound lanes during the nighttime hours. Crews continue to complete utility work and are preparing to implement the last phases of the road shifts. The road shifts are needed to make room for the construction work areas in the median, where two of the four stations in Tysons Corner are being built.

Police will be onsite for motorist safety.

ON THE HORIZON: Left-turn Lanes to Tysons Boulevard to Reopen before Shopping Season

The two left-turn lanes from northbound Chain Bridge Road (Route 123) to westbound Tysons Boulevard have been closed for several months for pier construction. Those lanes are scheduled to reopen before the holiday shopping season. More information will be released as those dates are finalized.
