## **Nighttime Overhead Decking Work to Cause Short Closures of Bus Lane On-Ramp to Dulles Connector Road Tonight**

Short, intermittent closures of the on-ramp from the bus turn-around area at the West Falls Church Station will take place tonight, Nov. 22, between midnight and 5 a.m. because of Dulles Corridor Metrorail construction.

Weather permitting, flaggers will stop traffic coming from the bus turnaround when decking work is constructed over the road. Once that work is completed, the flaggers will re-open the lane.

It is not expected to impact any traffic except for any vehicles and other personnel who may need to leave the bus area. Motorists should stay alert and be prepared for these construction activities.

If you have any construction-related emergencies, please call the Dulles Corridor Metrorail Project Hotline at 877-585-6789.

For further information about the project, please visit our project website at [www.dullesmetro.com](http://www.dullesmetro.com) or call 703-572-0506.
