Important Lane Closures for Week of Oct. 24, 2010

Ramp from Southbound Chain Bridge Road (Route 123) to Westbound Leesburg Pike (Route 7) to Close Overnights Beginning Sunday, Oct. 24

Drivers using southbound Route 123 at Leesburg Pike will face additional detours overnights Sunday, Oct. 24 – Saturday, Oct. 30, because of Dulles Rail Project construction.

Last month, drivers were routed from southbound Route 123 to westbound Route 7 via Frontage Road, which runs parallel to Route 123 north of Route 7. Now additional work must be done in that area.

Frontage Road will be completely closed between 11 p.m. and 5 a.m. on those dates. **However, the work will be phased to permit business along Frontage Road, such as Clyde's Restaurant, to remain open until normal closing times.**

Detours are recommended as follows:

- **From southbound Route 123 to westbound Route 7**, drivers should continue on southbound Route 123 and turn right on Gosnell Road to access both directions of Route 7
- **From westbound Route 7 to southbound Route 123**, drivers should continue on westbound Route 7, turn right on Westpark Drive, right on Greensboro Drive, right on International Drive, then right on to southbound Route 123

Police will be onsite for motorist safety.

Southbound Route 123 near Dulles Connector Road in Tysons Corner to Close Wednesday and Thursday Nights Next Week

The southbound lanes of Route 123 from McLean toward Tysons Corner will be closed near the Dulles Connector Road interchange from 11 p.m. to 5 a.m. Wednesday, Oct. 27 and Thursday, Oct. 28.

In addition, the ramp from westbound Dulles Connector Road (Route 267) to southbound Route 123 will be closed during the same time period.

The closings are necessary because construction of a large overhead structure that will connect two piers above the southbound lanes of Route 123 is underway. This structure is called a “straddle bent.”

The closings along Route 123 and at the Dulles Connector ramp will continue as needed over the next few months.

Southbound thru traffic coming from McLean will be detoured at the Lewinsville Road/Great Falls Street intersection to left on Great Falls Street, right on (Old) Chain Bridge Road, right on Anderson Road to left on southbound Dolley Madison Boulevard (Route 123) toward Tysons Corner Center.

Traffic using the Westbound Connector Road to southbound Route 123 will be detoured to the exit to northbound Route 123, to a right on Great Falls Street, to right on (Old) Chain Bridge Road, right on Anderson Road, to left on southbound Route 123.

Tysons Boulevard closing scheduled late nights Oct. 25-Oct. 30; Daytime lane shifts all week

Eastbound Tysons Boulevard will be closed between 11 p.m. and 5 a.m., Monday, Oct. 25 through Saturday, Oct. 30, while crews reconfigure the roadway and implement lane shifts on Tysons Boulevard at the intersection of Route 123.

Motorists in this area, especially late-night traffic at Tysons Galleria and Tysons Corner Center, should use extreme care and watch for signage.

Multiple daytime lane closures on this road are scheduled to continue all next week. Crews have shifted the turn lanes from southbound Route 123 back to where the previous turn lanes were a few months ago. This is the only change motorists can expect here for now; **the left-turn lanes from northbound Route 123 on to Tysons Boulevard will remain closed.**

Hunter Mill Road Closed at Dulles Toll Road Overnights Next Week

Drivers who use Hunter Mill Road in the Reston area will experience significant delays on or about Oct. 25-29, when the road will be closed at the Dulles Toll Road between 11 p.m. and 5 a.m., weather permitting.

The closing is necessary for safety reasons while new decking is installed on a new bridge that will carry tracks for the Dulles Corridor Metrorail Project in the median of the Dulles Toll Road over Hunter Mill Road.

Drivers going south on Hunter Mill Road will have to detour by turning right on to Sunset Hills Road, left on Wiehle Avenue, then left on to Sunrise Valley Drive to reconnect with Hunter Mill Road south.

If traveling north on Hunter Mill Road, drivers should use the reverse of the southbound detour. They will be directed to turn right on Sunrise Valley Drive, right on Wiehle Avenue, then right on Sunset Hills Road to access northbound Hunter Mill Road.

Nighttime Closures of I-66 at Connector Road Scheduled: Westbound Closures Oct. 25, 29; Eastbound Closure Oct. 27

Overnight closures of westbound I-66 at the Dulles Connector Road (Route 267) split are scheduled to take place Monday, Oct. 25 ***and*** Friday, Oct. 29.

Weather permitting, the closings will happen during overnight hours from midnight to 5 a.m. All lanes will be reopened by 5 a.m. before the morning rush hours. Thru traffic will be detoured on to the westbound Dulles Connector Road (Route 267), then by exiting on to southbound Route 123 toward Tysons Corner. Then the detour continues via a right turn on to the ramp to the Capital Beltway south toward Richmond/Alexandria. Drivers can then rejoin I-66 from the Beltway. For local traffic, drivers have options to exit I-66 prior to the closing.

Please note that the overhead clearance when the road is ***open*** is 15 feet.

Another closure is scheduled for the left lane of eastbound I-66 between 9:30 p.m. and 5:00 a.m. on Wednesday night, Oct. 27. No detour is needed.
