**Southbound Route 123 to Close at Route 267  
Overnight Tonight and Tomorrow Nights  
Westbound Toll Road/Connector Road southbound  
exit to be detoured northbound**

The southbound lanes of Dolley Madison Boulevard (Route 123) will be closed at the Dulles Connector Road (Route 267) interchange between 11 p.m. and 5 a.m. Wednesday, Jan. 19 and Thursday, Jan. 20, so crews can work on the bridge spanning over the road. In addition, the exit ramp from the westbound Connector Road/Dulles Toll Road to southbound Route 123 also will be closed at these times.

Prior to reaching the Connector Road, traffic on southbound Route 123 from McLean should turn left on to Great Falls Street, right on [Old] Chain Bridge Road, right on Anderson Road, then left to rejoin southbound Route 123.

Traffic using the westbound Connector and Toll Road should use the exit to northbound Route 123 (toward McLean), then use the detour described above.

This work had been previously scheduled but was delayed because of inclement weather. In case of bad weather, this closure will be lifted and rescheduled again.

Police will be onsite for motorist safety.
