Important Lane Closures, Jan. 31-Feb. 5, 2011

Winter Weather May Cause Delays

All work listed below is weather-dependent and subject to change. Drivers should stay alert and attentive should you need to travel during the winter weather and potentially hazardous conditions.

Full Closure of Westbound Dulles International Airport Access Highway (DIAAH) Feb. 2

Beginning at 10 p.m. on Wednesday, Feb. 2, crews will close the westbound lanes of the DIAAH to perform utility work near the W&OD Trail overpass. Traffic will be directed on to the westbound Dulles Toll Road by using the existing bus ramp prior to the work area. Drivers will then be able to rejoin the DIAAH using a left exit ramp near Monroe Road (Route 666).

Work will be complete by 5 a.m. Thursday morning, Feb. 3.

No tolls will be required for this detour. Police will be onsite for safety.

The left lane of the westbound Toll Road will also be closed at the same time.

Westpark Bridge Closures Rescheduled to Sunday and Monday Nights, Jan. 30-31

Wednesday night's winter storm has forced the cancellation of the previously scheduled full closure of Westpark Bridge, which connects Westpark Drive to Tysons Corner Center over Route 123.

This closure is now rescheduled to be closed Sunday, Jan. 30, and Monday, Jan. 31, from 10 p.m. to 5:30 a.m.

Traffic on Westpark Drive will be directed to detour by staying on Westpark, to turn left on to International Drive, then left on Chain Bridge Road (Route 123) to enter Tysons Corner Center on the right. An alternate route would be to use Tysons Boulevard, which also allows drivers to

turn left on International Drive to Chain Bridge Road.

Bridge construction crews using the massive blue-and-yellow truss are lifting segments into place over the road, and traffic is not allowed to travel underneath for public safety reasons. All dates are weather permitting and subject to change. Drivers should expect Westpark Bridge to be closed some overnights through the next few weeks until the bridge work is complete and the truss moves west toward Tysons Boulevard.

Overnight Lane Closure on Northbound I-495 Scheduled to Begin Monday Night

The right lane of northbound I-495 is expected to be closed overnights this week, so the third truss can begin overhead bridge work over the Beltway.

This lane closure is scheduled to occur from 9:30 p.m. to 5 a.m. Monday, Jan. 31 through Thursday, Feb. 3, and 10 p.m. to 9 a.m. Friday, Feb. 4.
