## **No Lane or Ramp Closures at I-495/Route 123 Interchange Tonight, Tuesday Night**

Dulles Corridor Metrorail Project construction crews will not close any lanes or ramps at the I-495/Route 123 interchange in Tysons Corner tonight or Tuesday night, Nov. 7-8.

However, the I-495 HOT Lanes Project *will* perform significant traffic modifications at this interchange. [View details here](#) on the HOT Lanes website.

As a reminder, overnight lane closures in both directions of I-495 can be expected for Dulles Metro construction through the end of the year. Information on specific lane closings will be announced as they are scheduled.

Detours around this closure will be in place. Please use extreme caution, pay attention to signage, and obey police direction if traveling around this intersection.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: [www.dullesmetro.com](http://www.dullesmetro.com) or 703-572-0506.
