## **REMINDER: Westpark Bridge, Nearby Ramp to Close Overnights Tuesday through Wednesday**

Westpark Bridge, which connects Westpark Drive to Tysons Corner Center over Route 123, will begin overnight closures tonight through Wednesday nights, Nov. 15-16. The bridge will be closed from 10 p.m. to 5 a.m. on those nights because of Dulles Corridor Metrorail construction.

Bridge construction crews will be placing acoustical barriers into place over the bridge, and traffic will not be allowed to travel underneath for public safety reasons.

Traffic from the west side of Route 123 will be directed to detour by staying on Westpark Drive, turning left on International Drive, then left on Chain Bridge Road (Route 123) to enter Tysons Corner Center on the right. An alternate route would be to use Tysons Boulevard, which also allows drivers to turn left on International Drive to Chain Bridge Road.

Traffic leaving Tysons Corner Center can use Ring Road to southbound Route 123, then right on International Drive to access Galleria Drive and Tysons Boulevard.

In addition, the on-ramp from southbound Route 123 to southbound I-495 will be closed during these times. Drivers can detour by continuing on southbound Route 123, turning right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then a brief left on to northbound Route 123 to immediately enter the southbound I-495 on-ramp.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: [www.dullesmetro.com](http://www.dullesmetro.com) or 703-572-0506.
